

Mining and Financial News

BY REVIEW LEASED WIRE

NEW YORK, June 21.—After a day's respite the Mexican situation again loomed ominously over the financial markets, with consequent depression in quoted values.

At mid-day and for the balance of the session, Wall Street was alive with rumors of the most alarming character and Monday's fluctuation was renewed, though on a more moderate scale. The metal issues also manifested acute weakness, especially zinc shares in which extreme recessions ranged from 2 to 5 points. Coppers suffered less severely, although Greene Cananea, whose mines were again forced to suspend operations, yielded 2 1/2 points. Mexican Petroleum reacted 3 1/2 from its rise of 2 1/2, with an extreme reversal of 2 1/2 for American Smelting, Texas Company and California Petroleum were offered at more moderate recessions. Rails averaged losses of a point, excepted. Lake Erie and Western and southwestern issues, for which a renewal of the recent inquiry was observed. Lake Erie and Western common and preferred were higher by 2 to 4 points at one time with marked strength in Denver and Rio Grande preferred, Toledo, St. Louis and Southwestern preferred and Texas and Pacific, these, however, yielded substantially later.

Total sales amounted to 593,000 shares. Aside from Rock Island and Marine issues the bonds market was irregular to heavy. Total sales, par value, aggregated \$4,280,000. United States bonds were unchanged on call, but on actual sales the coupons fairs declined 1 per cent.

BOSTON, June 22.—Liquidation in all classes of securities was again in evidence today on account of the unsettled Mexican conditions. Stop loss orders were caught on the way down and prices, as a rule, broke sharply. Selling of the zinc shares was a notable feature and the market failed to show any evidences of support for these issues. The short interest undoubtedly increased considerably and general conditions seem to be more or less discounted and sharp recoveries can be expected on any change for the better in current news.

METAL MARKETS.

NEW YORK, June 21.—Smelter, weak, spot, East St. Louis delivery, 12 1/2 asked. Copper dull. Electrolytic, nearby, nominal. Bar silver, 64 1/2c.

CHICAGO GRAINS.

CHICAGO, June 21.—Wheat prices showed much nervousness today, and averaged lower largely as a result of word of an important failure in London. The close here was unsettled, 3/4 down with July at \$1.03 at \$1.03 1/2, and September at \$1.05 1/2. Corn lost 1/4 at 1/2 to 3/4, and oats 1/4 at 1/2 to 3/4. Provisions scored a net advance of 10 to 25c, the latter in work.

Forecast of rain over nearly the entire wheat belt have sufficient reason for a number of attempts to rally the market. Another bullish factor was the lifting of hedges here as a result of large Canadian exports. On all the returns, however, liberal selling developed and caused advances to disappear.

Cold, wet weather and lack of sunshine forced some advances in corn, but the weakness of wheat proved ultimately more than an offset. Crop advices remained favorable.
